Hi All

If you interested - I would like to present my findings of a recent Marcellus Shale Impoundment case that I am currently getting information on and to see if there are any EAID information that could help in my assessment.

If you no longer want the presentation to coincide with your Supervisor Meeting - I can reschedule for a later time.

The Lat/Long are as follows:

Lat: 40.329612

Long: -80.299302

Thanks

Debbie
